

## Presley wins FW Boys City Junior golf title

Doug Higgins, the 1942 junior boys champion, presented 2008 winner Andrew Presley with the Marvin Leonard trophy.

Andrew Presley, 16, of Fort Worth carded his worst round of the Fort Worth Boys City Junior Golf Championship at Diamond Oaks Country Club when he finished with a 5-over-par 75. But with an eight-shot cushion going into the round, he was never in danger of loosening his hold on the title.

Presley, who finished second in 2007 by a shot, led the tournament wire-to-wire after an opening 3-under 67 at Rockwood Golf Course. He followed that with rounds of 74 at Shady Oaks Country Club and 69 at his home course Mira Vista Country Club. His final 75 gave him a 210 total, eight shots in front of Nathan Anderson, 17, of Burleson and Kolton Crawford, 16, of Mansfield. Anderson shot a 72 and Crawford a 73. Brax McCarthy, 16, of Fort Worth finished alone in fourth at 294 after slipping to a 76.

Marty Leonard, whose father Marvin Leonard began the boys junior tournament in 1936, gives a short speech to participants and spectators before the trophy presentations.

Presley was presented his championship trophy by Doug Higgins Jr., who won the junior title in 1942 and who was a longtime head professional at Diamond Oaks. Also in attendance was Marty Leonard, whose father Marvin Leonard started the tournament in 1936. The permanent Marvin Leonard trophy will be on display at the Leonard Museum and will have Presley's name added to the list of winners that includes several former PGA tournament members.

Raleigh Hughes won the First Flight after firing an even-par 70 for a 304 total. He won by six shots over Robert Perry and Dylan McClure. Trevor Corbet won the Second

Flight with a 75-306, and Jon-Logan Davis won the Third Flight after a 76-334. The other 18-hole flights played stroke play after each flight was pared to four players following single-elimination match play. The 9-hole flight ended with match play between the final two players in each flight.
